Education

The University of Texas at San Antonio, BS Computer Science

2024

Jan 2020 – Dec 2024

Relevant Experience

- **Personal Website**
 - Developed and deployed a fully functional personal website using **HTML, CSS, JavaScript, and PHP**
 - Implemented a **user authentication** system with MySQL to store and manage user data securely
 - Deployed on **AWS EC2** with an **NGINX** web server, securing scalability and availability
- **Weather Web App**
 - Used **JavaScript and HTML** to create a web app that displays the weather of any given city. Used **OpenWeatherMap API** to retrieve the temperature and weather of a given city and **nodemon** to monitor changes to the JavaScript document and automatically restart server.

Technical Skills

- **Programming Languages:** JavaScript, PHP, SQL, HTML, CSS
- **Web Development:** jQuery, Bootstrap, nginx
- **Cloud and Databases:** AWS, MySQL, phpMyAdmin
- **Operating Systems:** Linux, MacOS, Windows
- **Tools and Software:** Git, Visual Studio, IntelliJ IDEA, Dreamweaver, MS Office
